Application

- Suitable for most solvent-based filling goods in liquid form.
- With the right closure, also suitable for filling goods that are classified as hazardous substances under the legislation. Always check which UN approval is required.
- The packaging can be easily and tightly resealed, when closed with a lid/latch ring. Closing can also be automated.
- The shape of these cans makes them easy to stack and empty completely.
- Only testing can provide 100% certainty about suitability.
