The Bucket 18 is suitable for use with all types of paint and lacquer rollers up to and including 18 cm (7 inches) wide. A handy, sturdy bucket with an integrated angled rolling surface with strong ridges. This eliminates the need for a separate roller grid! And therefore no more splashing or dried-on paint particles. Thanks to the matching liners, you never have to clean the Bucket 18 again. The bucket also has a wide base which makes it very stable, even when rolling over the rolling surface.
